Student Bring Your Own Device

Intel Inside®.
Extraordinary Performance Outside.
Intel® Core™ Processors

Bringing learning devices direct to Australian students, delivering better educational outcomes.

PREPARING YOUR STUDENTS FOR TOMORROW, TODAY

The global economy is changing due to advances in technology, leading to the automation of several aspects of work-life. According to state education departments, employer demand for STEM qualifications and skills are high, and will continue to increase in the future. To be globally competitive, the Australian workforce needs employees who can adapt. Therefore, schools need to prepare students to learn to adapt to the demands of the workforce of tomorrow.

HOW TECHNOLOGY IS ASSISTING EDUCATORS TO PREPARE THEIR STUDENTS

Technology-rich classrooms provide a platform for practising reason, logic, resourcefulness, imagination and innovation. Education technology is increasing student engagement in these areas as they progress through school life and prepares them with the skill set to succeed in the workplace and beyond. .

HP recognises that your students will live and work in a world vastly different from the one we know today. We aim to deliver an innovative, cutting-edge learning environment for teachers and students, arming students with the inspiration, ambition and career pathways to become future technologists.

Why HP BYOD?

Peace of mind:

Buying Direct from HP guarantees students from K-12 access to HP's latest learning devices at discounted direct commercial pricing. All devices supplied through your BYOD portal include 3 Years Onsite Support with the option for Accidental Damage Protection.

Ease of purchasing:

In addition to a customised online BYOD store, HP provides a call centre team to help parents choose the right device, FREE delivery Australia-wide and a 14-day change of mind policy. Interest free financing options are also available. T&C's apply.

BYOD Specialists:

HP's team of BYOD specialists can work on-on-one with you through a BYOD roll-out and beyond. Our team specialise in product selection, online store creation, teacher and parent info nights, and product training coordination for teachers and students.

Trusted Partner:

Over the past 5 years, HP has successfully managed BYOD portals for over more than 200 educational institutions, delivering thousands of devices to students across the country.

FAQ'S

How much will consultation, setup and management of a HP Portal cost?

Its free to all schools across Australia, HP do not charge for any components of our BYOD program.

Do we need to have an exclusive agreement with HP to qualify?

No, the aim of a portal is guarantee that students choosing HP for education get the right device for the best price possible.

Do you have Chromebooks?

Yes, we have a wide range of Chromebooks which can be added to your BYOD portal.

How flexible is a HP BYOD Portal?

Very flexible, you choose the look and feel, then select the correct devices to suit your school. If we need to make changes throughout the year it usually takes less than 24 hours to update.

Is there a minimum number of devices to be purchased to qualify for a portal?

No, our only minimum requirement is that we are given the opportunity to help create awareness of your BYOD portal to your parent community through fliers, parent information evenings or subject selection evenings, and/or your preferred social media communication platform.

All HP BYOD devices include 3 Years Onsite Warranty, so how does this work?

Students have the option of having warranty repairs carried out in the convenience of their own home, or if the school prefers we can supply your ICT team direct access to the HP Online Support portal (which we provide when you come on board). Once a job/case is logged a HP Tech visits onsite at the school to provide the repair. For our regional schools, the repair will be provided by a HP approved service repair center. Warranty and Support is also available at HP Tech Support 13 10 47.

All devices can also be purchased with Accidental Damage Protection (ADP), what does this cover and how does it work?

ADP Insurance is optional with all purchases and covers the device from accidental damage for three years. Accidental damage can include incidents such as a device being dropped at school or home. Should any accidental damage occur then the device will be repaired and replacement parts supplied at \$0 excess for a maximum of three major claims over three years.

How does a parent make payment for the device once they have made their selection?

The easiest option is to purchase directly online using the custom school portal, parents can make payment using major Credit Cards such as VISA, VISA Debit, MasterCard, MasterCard Debit and AMEX. Direct deposit via EFT is also available however you'll need to speak with your HP BYOD Specialist who can arrange a proforma invoice and provide EFT Bank details. Or place your order over the phone with our HP Call Centre on 13 23 47 Monday to Friday from 9am to 8pm.

Is finance available?

Yes, we have 24 Months Interest Free Finance available through our finance partner Latitude. Simply apply online through the link provided on the BYOD Portal, as soon as your application is processed you will get a response from Latitude in as little as 15 minutes. Once approved the parent just needs to provide their new account number to the HP BYOD Specialist or to our HP BYOD Team on 13 23 47 (all finance orders need to be processed over the phone). Or if your parent already has an eligible card such as GO or GEM they can process their finance order with our team immediately! No need to apply again.

What is the delivery timeframe of your HP BYOD Notebook from order?

Your order will be shipped directly to your home address or work address that you entered through the HP BYOD portal. You will receive an email from HP to let you know your order is on the way and delivery is generally between 5 and 15 business days.

Is the portal available outside of Year 7 intake?

Yes! Your customized HP BYOD Portal will be available to all year levels from K-12 and the portal will be live all calendar year.

Are there any other benefits for our school with a HP BYOD portal other than direct commercial pricing of devices?

Yes! We also offer education ready Ruggedized Protective Cases, HP Home Printers and accessories all available through your BYOD portal.

How do we start?

It's as easy as choosing your devices, supply us with your school logo, and your portal will usually be live within 5 working days.
