 **STEP 2 Challenge of practice**

Challenge of Practice:

If we use student data to inform differentiated teaching practice (including for Stretch) by using the Teaching & Learning Cycle to design and scaffold the writing process, then we will improve student writing from Year 7 to 12.

STEP 3 Plan actions for improvement

Student Success Criteria (what students know, do, and understand):

We will see SACE students:

- **Develop and stretch their skills in using appropriate vocabulary, accurate spelling, punctuation, and grammar to enable effective communication when they create a range of texts, using appropriate language features, content, and mediums for different purposes, audiences, and contexts.**

and

we will see Year 7-10 students:

- **Use an expanded technical and academic vocabulary for precision when writing academic texts.**
- **Create and edit literary texts, that may be a hybrid, which experiment with text structures, language features and literary devices for purposes and audiences.**
- **Plan, create, edit and publish written and multimodal texts, organising, expanding and developing ideas, and selecting text structures, language features, literary devices and multimodal features for purposes and audiences in ways that may be imaginative, reflective, informative, persuasive, analytical and/or critical.**

when we observe teaching and learning.
